Bringin' Back the Blues
....and keeping it alive!!*

Who is the the GBA?

The Grafton Blues Association, a 501C3 Non-profit organization, was incorporated in January of 2006. Our mission is to encourage community involvement by sponsoring and hosting events, including a diverse realm of blues musicians/performers/entertainers, educators and historians. By promoting blues in the schools programs, we will nurture an appreciation and understanding of blues music in general, its historical influence and importance as a watershed of American popular music, and its relevance to the history of Paramount recordings made in Grafton, WI. In 2007 the GBA accepted it's first members to the association. Your Membership supports our general operations, our mission, and helps keep the blues alive and growing in our area!

Past/Present/Future!

In Sept of '06 the GBA held our first event the - Paramount Blues Festival. People from around the world came and enjoyed a full day of music, historic lectures, workshops, etc. We continue to have this event annually.

The GBA promotes Blues educational programs such as Blues in the schools, and BluesKool.

In 2007 we started a program called "Senior Blues" we take a band to an assisted living or long term health community to perform for the residence, this has been a VERY rewarding program!

The IBC (International Blues Challenge) is another area of interest for the GBA, we hold a local blues challenge and send the winner to Beale Street in Memphis to compete against blues musicians from all over the world.

Other events are planned throughout the year as well
We welcome everyone and appreciate any and all support!
