Hundreds of car owners are taking advantage of our new selling plan which saves them 50% on their starting and lighting batteries.

Yet they are not buying C. A. H. Bateries blindly. They have to be shown. Because every car owner wants, first of all, dependable service. A poorly constructed storage battery is an expensive proposition regardless of first cost.

Hence the question that is put to us more often than any other is, "How can you afford to sell a dependable battery 50% lower than the other fel-

Fortunately the answer to this question is easy-it is nerely a case of subtraction.

First you subtract the profit that ordinarily goes to the distributor—then you subtract the profit that ordinarily goes to

the dealer—then you subtract the expense that ordinarily goes into the upkeep of service stations.

There you have the answer to the low retail prices which our new selling plan makes

We sell direct only. We have no distributor, dealers or service stations. You make the saving.

Best of all, you get a long lived, dependable battery of the highest quality—a battery absolutely guaranteed for one year. You won't have to worry about expensive repair bills or unsatisfactory adjustments because our simple and straightforward guarantee is your absolute

protection.

Experienced car owners who have learned how easy it is to test and look after their own batteries, have been quick to see the logic of this new selling plan of ours. You too, can make this big saving. Even if you do not need a battery right now, tear out this advertisement and save it so that you will know exactly where to come when your present battery finally does give out.

Why We Chose The Paramount

It is of much greater importance to us than to any one of our customers that the Phonograph we handle should be rightthe most improved machine we can obtain. For the Phonograph we sell must satisfy all of our customers who buy it. And it must maintain the standard of satisfaction that this store has given its customers in selling them other merchandise. With this in mind, we made an extensive study and investigation of phonographs, never forgetting that tone quality is the most essential consideration in buying any phonograph.

Remarkable Tone of the Paramount

Our investigation brought out the fact that unusual progress has been made by builders of the Paramount in securing beauty of tone and faithful reproduction. And what interested us most was how this remarkable tone was made pos-

We found that Paramount builders had scientifically developed every tone unit every part concerned with tone reproduction, the Sound Box, Tone Arm and Tone Chamber. The result is clear, full, rounded tones, without scratchy noises or tiny vibration-music just as you would hear it were the artists right there

In the soft shadings and delicate tracings of a fine rug lies its call for admiration. The maintenance of these charms is an important function of The Hoover. Rapidly its electric sweeping reveals anew the colorings dimmed by soot, and brushes straight any nap disarranged by heels. At the same time it beats out all destructive embedded grit, collects stubborn, clinging litter and thoroughly suction cleans. Only The Hoover does all this. And it is the largest-selling electric cleaner in the world.

We will gladly demonstrate The HOOVER in your home or at our store, without obligation. Convenient terms if desired. We advise prompt consideration, as the popularity of The Hoover makes it difficult to keep them in stock.
